Master Sales Playbook · all 4 SKUs · v1 · 2026-05-11

★ MASTER PLAYBOOK

The complete sales motion — 4 products, 4 funnels, 4 buyer profiles.

NetWebMedia sells four distinct things. Each has its own buyer, funnel length, ownership matrix, and artifact set. This master playbook puts them side by side — what to sell to whom, where the decision tree branches, and the unit economics across the lineup.

★ ENTRY HOOK (MARKETING)

AEO Audit**\$997**

one-time · 48h delivery

Self-serve audit. cmo-agent does the work, Carlos reviews. 100% credits to retainer within 90 days.

1 Which product for which buyer — the decision tree

In a discovery call, these questions route the prospect to the right SKU within 5 minutes.

Q1: Do they want the tool or done-for-you?

Tool = "I'll run my own marketing." Done-for-you = "Run it for me."

Tool → **GHL WHITE-LABEL** or **AEO AUDIT** if they want a written diagnostic first.

Done-for-you → CMO retainer (continue to Q2).

Q2: Do they have multiple decision-makers?

2+ partners or executive sponsors who need to weigh in.

Yes → **CMO PREMIUM** with synchronous proposal call.

No → **CMO STANDARD** with async proposal.

Q3: Are they skeptical / shopping competitors?

Asking lots of "how do you compare to..." or "show me proof of work."

Route through **AEO AUDIT** first (\$997). The audit IS the proof of work. Auto-credits forward when they upgrade.

Q4: Is their budget < \$500/mo total?

Solo founders, very early-stage, or tight constraints.

Either **AEO AUDIT** (\$997 once) or **GHL WHITE-LABEL** (\$497 + \$197/mo). CMO retainer is not yet a fit — nurture them.

Q5: Are they > \$1M revenue + multi-location?

Bigger firms, 10+ team, multiple offices, real ad spend (or zero with regret).

CMO PREMIUM is the natural fit. Synchronous proposal call should be the close moment.

Q6: Are they curious about NWM but not committing?

Soft-route to **AEO AUDIT** through the Tuesday *AEO Brief*. \$997 buyers ~30% upgrade to retainer within 90 days.

3

All four funnels, end to end

Visual comparison of stage shape and how the products telescope.

The geometry of the lineup: AEO Audit is the broadest top-of-funnel (cheap, paid, easy). GHL is the parallel tool-only path. CMO Standard is the modal close. CMO Premium adds one stage (the synchronous proposal call) to handle multi-stakeholder approval. The four funnels also feed each other — AEO Audit → CMO Standard or Premium, GHL → CMO Standard later when client wants done-for-you.

4

Real buyer scenarios — which playbook to run

Eight buyer types and the SKU each maps to.

"I run a 2-person brokerage. I just need a CRM."

Marcus, real-estate broker. Spreadsheet today. Wants the tool, not advice. \$300/mo budget.

GHL WHITE-LABEL

"My firm doesn't show up in ChatGPT. I want a written report."

Jamie, solo attorney. Heard about AEO from a podcast. Skeptical, wants proof first.

AEO AUDIT

"4-attorney firm. We need someone to run our marketing for us."

Sarah, managing partner. Wants done-for-you. One decision-maker. \$1-2k/mo budget.

CMO STANDARD

"12-attorney firm, 4 cities, full marketing department needed."

David, managing partner. Multi-stakeholder decision. \$3-5k/mo budget. Wants live walkthrough.

CMO PREMIUM

"I bought the audit. Now I want you to fix what it surfaced."

Existing AEO Audit buyer at day 30. \$997 credit ready to apply.

CMO STANDARD

"I'm a coach who needs a CRM to launch my course business."

Tool-first buyer. Knows GHl already. Just wants white-label hosting.

GHl WHITE-LABEL

"I run a \$5M consultancy. Bring me a senior partnership."

Multi-stakeholder, high-touch, wants quarterly synchronous strategy calls.

CMO PREMIUM

"I'm not ready to spend \$1,490 yet but I want to talk."

Curious but cold. Route to the \$997 entry point — audit pre-qualifies the rest.

AEO AUDIT

5

Unit economics across the lineup

What every closed deal contributes — and how the funnels feed each other.

Metric	AEO Audit	GHl White-Label	CMO Standard	CMO Premium
Revenue per closed deal (year-1)	\$997	\$2,861	\$17,880	\$35,880
NWM cost per deal (est.)	~\$650	~\$200	~\$8,500	~\$16,000
Margin per deal (year-1)	~\$347 (35%)	~\$2,660 (93%)	~\$9,380 (52%)	~\$19,880 (55%)

Metric	AEO Audit	GHL White-Label	CMO Standard	CMO Premium
Upgrade rate to next tier	~30% → CMO retainer	~15% → CMO Standard	~10% → CMO Premium	Annual prepay + expansion
LTV (3-yr blended est.)	\$997 + 30% × \$35k = ~\$11k	\$2,861 × 2.5 = ~\$7,150	~\$45,000	~\$95,000
Self-serve ratio	100%	~70% (demo required)	0% (Carlos personal)	0% (multi-stakeholder)
Operational simplicity	★★★★★	★★★★	★★	★

Why all four matter together: AEO Audit + GHL are the lead generators — cheap, fast, paid. They warm the audience and pre-qualify buyers for CMO Standard and Premium, where the real margin lives. Without the entry hooks, CMO retainers would require cold outbound. With them, ~40% of CMO closes come from prior audit or GHL buyers who upgraded.

6

Ownership matrix across all 4 funnels

Who's involved at each stage, by SKU. Useful for scaling — clarifies who needs to be hired/automated next.

Role	AEO Audit	GHL White-Label	CMO Standard	CMO Premium
Carlos (CEO)	30 min review	—	Stages 2-6 personally	Stages 5-7 personally
sales-director (agent)	—	Stages 1-3	Stage 1 triage only	Stages 2-4

Role	AEO Audit	GHL White-Label	CMO Standard	CMO Premium
cmo (agent)	Runs the audit	—	Stage 8 day 1+	Stage 8 day 1+ (heavy)
content-strategist	—	—	Day 5+ (8 pieces/mo)	Day 5+ (20 pieces/mo)
engineering-lead	—	Stage 5 provisioning	Stage 8 day 1-2	Stage 8 day 1-2 (4 offices)
project-manager	—	Stage 5 (4 tasks)	Stage 8 (6 tasks)	Stage 8 (11 tasks)
customer-success	—	—	Day 28+ (FCG check)	Day 28+ (FCG check)
finance-controller	Stripe Checkout	Stripe + sub mgmt	Invoicing + AR	Invoicing + AR + multi-party
